June 28 Sat
10 : 00 ~ 12 : 00

Asian Buddhist Heritage Forum 2025 Buddhism for World Peace

Join us for an inspiring morning of dialogue and reflection at the Asian Buddhist Heritage Forum 2025, where Buddhist leaders from across Asia come together to explore the spiritual and cultural roots of Buddhism and its role in promoting global peace.

This year's forum in Japan marks the culmination of a three-year exchange that began in South Korea (2023) and continued in Malaysia (2024). As the host nation, Japan welcomes esteemed speakers representing diverse Buddhist communities across the region.

The forum offers a rare opportunity to learn about each country's Buddhist heritage, current practices, and efforts to preserve and share Buddhist culture in today's world. Embracing the diverse expressions of Buddhism without prejudice is also a step toward peace. Why not take this chance to hear real voices from across Asia? The event will include speakers from various countries, with English interpretation available. It is open to all.
